and Comets (1+)**

**Game Over UI:
When the user
drags and drops the
Asteroids and
Comets to the Earth,
Ocean is created.**

A dramatic image of Earth from space, showing a bright sun in the upper left corner, casting a strong light across the scene. Large, billowing white clouds are visible against the blue of the Earth's surface and the black of space. The text is overlaid in the center of the image.

**In this way the
Earth is created
by the end
this Saga A1.**
